SHELTER FEATURES

Rafter Braces

Square Frame

Ratchet-Tite™

UV treated fabric

Heat sealed fabric

Ultra strong, square tube design constructed with *industry leading 13-gauge square tube steel frame*.

Square tube all steel frame parts come with *DuPont™ thermoset baked on powder-coated finish* for increased resistance to rust and corrosion.

Bolt-together hardware at every connection ensures maximum stability and durability over the life of the shelter.

Ratchet-Tite™ Rail tensioning system at every leg keeps cover tight to frame for better performance and overall appearance.

Solid base rail for easy anchoring and a more sturdy foundation.

Reinforced rafter braces add significant strength at the roof bends. Rock solid Square Tube shelters.
